
MESSAGE FROM THE SENIOR DEPUTY PRESIDENT AND PROVOST

All Staff and Students

16 February 2020

Dear Colleagues and Students

I would like to inform you that a student from the Faculty of Engineering has tested positive for COVID-19. The student, who has no recent history of travel to China, is a contact of two other confirmed cases who are linked to the Grace Assembly of God church cluster.

The student **does not live on campus and has not visited campus since 4 December 2019**. The student lives at home and has been interning at a company since July 2019. He was at a construction site in Fernvale as part of his internship. The company is aware that the student has tested positive for the virus.

The student is currently warded at the National Centre for Infectious Diseases. He is doing well and in good spirits. NUS staff are in regular contact with the student, to provide the necessary support.

I ask that all staff and students adhere strictly to the precautionary measures we have put in place, and that they continue to practise good personal hygiene and social responsibility.

Should you have any questions, please e-mail covid-19@nus.edu.sg or contact the management office of your department.

Professor Ho Teck Hua
Senior Deputy President and Provost
