## Eligibility Self-Check for Collection of Free FET Kit

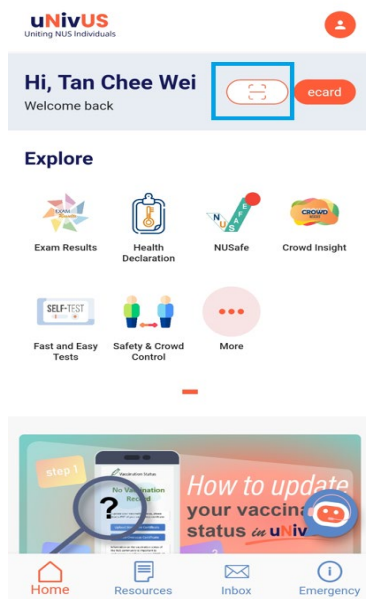

Follow the steps below to determine if you are eligible for the free self-test kit.

1. Go to uNivUS and launch the Self-Test App.
2. Navigate to the Test Kit Collection tab to check your eligibility.
3. Please perform this eligibility check before proceeding to the collection point.

## Collection of the Free FET Kit

1. Before proceeding to the collection site, please ensure you have done the self-check in uNivUS to determine if you are eligible to collect the free self-test kit.
2. Proceed to the collection site (*based on the allocated date and time*).
3. Once it is your turn, the counter collection staff will ask you to scan a QR code.
4. Go to uNivUS and use the built-in QR code scanner to validate your eligibility.

5. uNivUS will display a red or green pass based on the eligibility check.

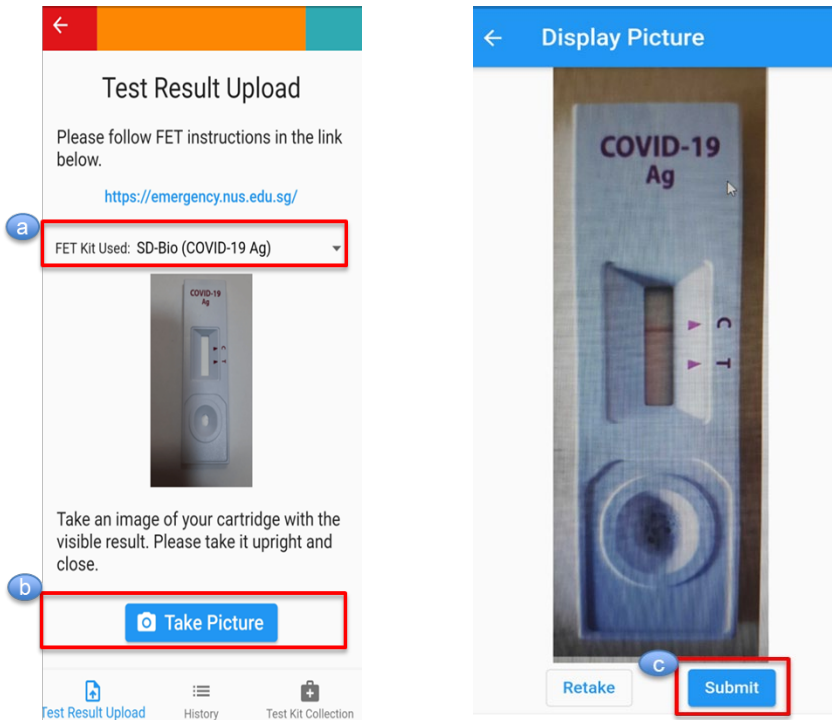

6. Show the green pass to the counter collection staff to get the free self-test kits.
7. Scanning the QR code will also update your collection history in uNivUS.

## FET Kit Collection History

1. Go to uNivUS and launch the Self-Test App.
2. Navigate to the Test Kit Collection page to view your collection history.

## Uploading of FET Results

1. Go to uNivUS and launch the Fast and Easy Test App. Navigate to the Test Result Upload tab.

2. Steps to upload Self-Test Result:

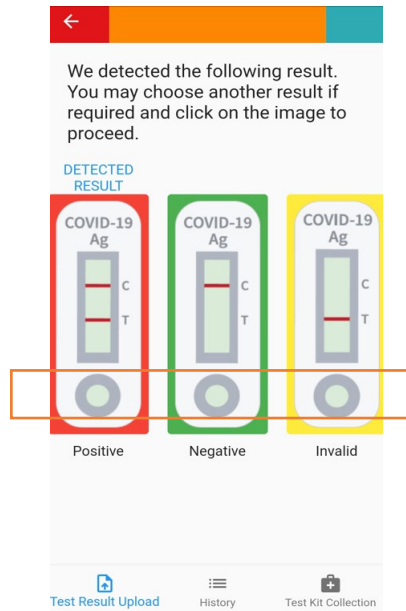

- a. Select the "Test Kit Used" from the list
- b. Click on "Take Picture" button to take a picture of the self-test result.
- c. Click "Submit".

3. Result Upload

- uNivUS will reject the FET result upload if user did not upload a valid test kit photo. User will need to retake and upload a valid test result photo again.

- If it is a valid test kit photo, uNivUS will indicate the “Detected Result” based on the uploaded image. Please provide a final confirmation of the correct result by selecting the radio button of the correct image.

## FET Upload History

1. Go to uNivUS and launch the Fast and Easy Test App.
2. Navigate to the History page to view your upload history.
