NUS Staff and Students

**COVID-19: REMINDER TO UPDATE VACCINATION STATUS IN UNIVUS**

Dear Staff and Students

1. As Singapore moves toward Vaccination-differentiated Safe Management Measures, **all staff and students are strongly encouraged to declare their vaccination status in uNivUS by 14 December 2021, if you have not already done so. Otherwise, you will be regarded as an unvaccinated individual.** Instructions on how to update your vaccination status can be found [here](#).
2. **If you have received vaccination overseas, it is important to note that you are also required to declare your vaccination status in uNivUS<sup>1</sup>.** Please follow the steps [here](#) on how to ensure your vaccination record is updated in the National Immunisation Registry which requires you to first obtain a positive serology test in Singapore.
3. Please see **Appendix A** on how to check your current vaccination status.
4. With the emphasis on vaccination as an important protection against infection and severe diseases, the name list of staff who have not declared their vaccination status on uNivUS will be shared with their HODs for purposes of work planning.

If you have further questions, please check with the management office of your faculty, school or department, or email [COVID-19@nus.edu.sg](mailto:COVID-19@nus.edu.sg).

Dr Peck Thian Guan  
Senior Director  
Office of Safety, Health and Environment
